About Avma

Avma is the independent charity working to improve patient safety and support people affected by avoidable harm in healthcare, helping them to find answers, accountability and a way forward. For more than 40 years, we have brought together patients, families, legal professionals and healthcare leaders to support learning, strengthen accountability and drive positive change. Alongside our specialist advice and support services, we are recognised for delivering high-quality medico-legal conferences and events for solicitors, barristers and healthcare professionals across the UK.

Why your organisation should sponsor at the #AvmaDublin event

This popular conference is returning to Dublin in 2026! This is an essential one day conference covering the major issues currently affecting medical negligence litigation, patient safety and access to justice in Ireland, as well as looking at the UK perspective. At such an important time for those working in medical law and patient safety in Ireland, this is a very timely event that you cannot afford to miss.
