

November 2016

AvMA Needs You!

As a member of our free medical expert database, we are asking for your help to support our vital patient safety work.

Each year we invite our medical experts to make a donation to the charity and we would like to thank you all for your generosity in the past. In this season of goodwill, we ask you to help us again.

We are a charity sustained by donations. Our work carries no fees or charges and is free to all medical experts. But everything we do has a cost – this is why we need your help.

Make a donation to AvMA this Christmas – help us support your work and improve patient safety for more families.

We ask you to donate £200 or more this festive season.

£200 will train a new patient helpline volunteer

£500 will support a bereaved family at a medical inquest

£1,000 would provide legal support and advice for an AvMA family

AvMA needs your support – please give generously

Please see enclosed donation form

Gift Aid

Gift Aid your donation if you are a UK taxpayer and at no cost to yourself help us reclaim a further 25% from the Government.

Thank you

Peter Walsh
Chief Executive Officer
Action against Medical Accidents

How AvMA helps you in your work: AvMA Medical Expert Database

- Bespoke medical expert referrals to our AvMA lawyers service members
- Referrals based on medical specialism and location
- Significant discounts on AvMA Annual Conference bookings
- 65% discount for AvMA one-day conferences
- Special discounts for selected other AvMA events
- Unlike other medical services, we do not charge any fees
