

Partners for Patient Safety – AvMA’s Corporate Membership scheme for organisations supporting Patient Safety

Action against Medical Accidents (AvMA) recognises the vital role that organisations like yours play in patient safety. We are delighted to offer companies and other organisations a unique opportunity to become an AvMA Partner for Patient Safety. This will demonstrate and promote your commitment to patient safety and corporate responsibility by supporting and working with the leading UK patients’ charity championing the cause of patient safety and supporting people affected by avoidable harm. By becoming one of our Partners for Patient Safety you will not only be supporting the vital work that AvMA does, but also marking your organisation out as a serious player to all those involved in patient safety.

There are a range of important benefits that being one of our Partners for Patient Safety will bring. You can join at three different levels: as a Platinum, Gold or Silver member.
